About The Workshop.

This comprehensive 2-day workshop is designed to provide participants with practical insights into the key products, instruments and financing structures within Islamic corporate banking. Covering core Shariah principles, essential contracts and corporate banking frameworks, the programme offers a solid foundation for understanding how Islamic financial solutions are structured to meet modern business and corporate needs. Participants will gain exposure to a wide range of corporate banking applications including Islamic project financing, trade finance, treasury management, liquidity solutions and investment products. Through practical case studies and real-market examples, the workshop highlights the operational, commercial and Shariah considerations involved in structuring effective Islamic corporate banking solutions. Tailored for banking professionals, corporate finance practitioners, Shariah advisors, legal practitioners, regulators and business leaders, this workshop serves as an ideal platform to strengthen industry knowledge and stay updated with evolving market practices, product innovations and regulatory developments in Islamic corporate banking.

Benefit of Attending this Event
